Activating TruAge in Your Verifone Commander

01

UPGRADE TO RELEASE 54+

Verify you are running release 54 or higher in store. If not, contact your VASC and upgrade your software today!

02

REQUEST TruAge ACTIVATION

Go to mytruage.org and select Activate TruAge Today.

03

SIGN USER AGREEMENT

This is a standard user agreement that gives TruAge permission to talk to your system.

04

SET UP myTruAge ACCOUNT

Establish your Account Owner. Add your stores & Commander information (aka Add Device). Receive authorization codes.

05

ACTIVATE YOUR STORES

Enter auth codes provided by TruAge in Commander system onsite in each store. May require reboot once completed.
